## PUBLIC ADVISORY

### **Tubbataha Dive Professionals Briefing Season 2016 Oxygen In-Water Recompression Workshop & Simulation**

---

With the success of the OIWR (Oxygen In-Water Recompression) Discourse held last December 2015, PCSSD will support the conduct of TMO's (Tubbataha Management Office) Mandatory Dive Professional Briefing for those working the season. With a strong stress on dive safety, an OIWR Workshop and Simulation will be conducted to safeguard divers in a remote location from the crippling effects of DCS (Decompression Sickness).

The first leg of the Tubbataha Season 2016/OIWR Seminar will be in Manila from the 15th thru the 17th of February 2016. This three day event will promptly start at 8:00 AM each day.
